### DRAT THE CAT

There are two versions of the sheet music for *Drat the Cat*. The first is peach color and lists Eddie Foy (Jr.) on the lower right. The second set is yellow and does not list Eddie Foy. What's the story?

Eddie Foy was in the pre-Broadway tryout at the Shubert Theatre in Philadelphia. He left the show on September 21, 1965, and did not make it to Broadway.

So the first edition is the one that includes the credit to Eddie Foy.
